Picture-Log /Progress of patients in treatment under PCR's 2007/2008 Project

Aditya R. Ganpatil, 7 years old.

(L): Aditya next to his father's rickshaw, before his 3rd&4th operation, surgery the thighs.

Middle: Aditya at home after completing all six surgeries. He is doing well and is happy. His mobility has greatly improved. Presently he is undergoing Physiotherapy. In the picture he is seen with PCR-Mumbai coordinator Bandu on the left and Aditya's father Ramesh on the right.

Sohel Kureshi, 7 years old.

He received three correctional surgeries and completed the treatment. His mother cared for him during the treatment.

Shamin Banoo, 26 years old.

She received a new caliper from PCR/Mumbai and got her old one repaired by our Ortho-technician.

Nazir Kureshi, 26 years old.

He received two of the three planned operations, i.e. Correctional surgery in the right knee and ankle. The progress is satisfactory, Nazir is now recuperating at his native place in Nashik, Maharastra. In the picture he is seen with his mother at Dr. Desais's clinic after the bone block surgery in his right foot/ankle.

Raju Beldar, 24 years old.

In early 2008 Dr. Desai carried out the two scheduled operations. At a recent post-operation checkup, it became apparent that a 3rd operation is necessary. In the picture PCR-Mumbai volunteer Bandu is seen with the patient Raju Belder during his recovery after surgery at the hospital.
