Mumbai, 10th March 2011

TO WHOMSOEVER IT MAY CONCERN

I am very pleased to inform, that **CHILD & FAMILY WELFARE FOUNDATION** is working with me and my hospital in a joint effort to give 'FREE CORRECTIONAL SURGERY & TREATMENT' to poor and disabled children, affected by Polio, Cerebral Palsy, Congenital deformities, etc. For more than ten years the team of **CFWF**, previously known as **POLIO CHILD RELIEF-MUMBAI**, has been providing humanitarian aid for underprivileged patients.

Until now many patients have received free operations, help and treatment. Some of the patients required multiple operations over a period of several years. The volunteers of **CFWF** faithfully and diligently carry out field work and monitor the progress of patients, who live under difficult circumstances in remote places. I am proud that they look well after the patients and manage to maintain the project with enthusiasm and utmost care.

They recently undertook some good structural changes in their NGO, in order to create more awareness for the project and help more poor patients, which is very commendable and a good step forward. I wish **CHILD & FAMILY WELFARE FOUNDATION** a very prosperous future and hope to be working with them in this great cause for many more years to come. Further, I like to request anyone coming in contact with the team of **CFWF** to kindly assist and help them and the project in the best possible way.

Yours Sincerely

Dr. Paresh M. Desai
